Reserve UpgradeYa talent and resources with a guaranteed response time. When updates and bug fixes are critical to the success of your website, you can be sure that UpgradeYa will be there. This contract is similar to buying a “bucket” of hours.

Hour Usage:

Guaranteed response time is determined by the Package selected as stated below. Hours that are not used within one year from the date the contract is accepted do not expire but the guaranteed response time is no longer valid. Hours not fulfilled can be added into a future package. Rollover hours will be scheduled for completion at UpgradeYa’s discretion.

Payment:

Payments can be made by check, credit card, Paypal, cash or bitcoin at contract acceptance.¹ Upon hours expiring, UpgradeYa will require another payment to refresh the maintenance contract. Refreshing the contract extends the contract expiration date by one year. UpgradeYa estimates and tracks all used hours and will report updates notifying of account balance upon request.

Package Levels:

Package	Initial Payment	Response Time *	Length of Agreement	Total Estimated Hours **	Hourly Discount
Silver	\$800	3 days	1 year	10	0%
Gold	\$7200	2 days	1 year	100	10%
Bitcoin	Pay with bitcoins and get additional 10% off Silver or Gold Packages!				
Custom	We are open to discussing a custom package to meet your maintenance needs.				

The Fine Print

- * Response time is defined as UpgradeYa’s attention and resources towards the issue, not completion of the specific issue. UpgradeYa will continue to allocate resources until the issue is resolved. Response time shows the longest time you will have to wait for a response. Most responses will be within a few hours.
- ** Estimated hours based on hourly rate of \$80 (before discount is applied). Actual hourly rate may vary based on the developer performing the work or if we discuss a base rate change in the future.
- “days” outlined above are standard Monday thru Friday business days.

¹ We will give 10% discount for bitcoin payments. To learn more about bitcoin go to www.bitcoin.org.

This Agreement shall be binding on, and inure to the benefit of, the parties' heirs, successors, assigns, and personal representatives.
